Sam Dominic

Software Engineer | Angular • Ionic • Firebase | Scalable Web & Hybrid Mobile App Development
Tirunelveli, Tamil Nadu, India

Summary

I'm a passionate and results-driven software developer with over 2.5 years of experience building scalable web and mobile applications. I specialize in Angular, Ionic, Firebase, and modern JavaScript/TypeScript development. My approach combines clean architecture, user-focused design, and performance optimization.

I've contributed to high-impact projects in health tech, education, and consumer apps—delivering intuitive user experiences and secure backend integrations. I thrive in collaborative environments and enjoy solving real-world problems through code.

Currently, I'm focused on creating high-performance applications using Angular and Firebase in modern, zoneless architectures. I'm also exploring advancements in app performance, CI/CD, and mobile-first design.

Experience

Adaptive Development Private Limited
Software Engineer
January 2025 - Present (7 months)
Tirunelveli, Tamil Nadu, India

I'm a software engineer at ADPL, where I work on building modern, scalable, and cloud-native applications, with a growing focus on AI-powered systems.

At ADPL, I contribute to the full development lifecycle: from front-end UI to backend architecture, deployment, and AI integration. I work with modern technologies like Angular, Firebase, and Capacitor to develop responsive web and mobile apps.

Adaptive Media
2 years 2 months

Associate Software Engineer

February 2023 - December 2024 (1 year 11 months)

Tirunelveli, Tamil Nadu, India

I'm an Associate Software Engineer at AMI, where I work on building modern, scalable, and cloud-native applications, with a growing focus on AI-powered systems.

At AMI, I contribute to the full development lifecycle: from front-end UI to backend architecture, deployment, and AI integration. I work with modern technologies like Angular, Firebase, and Capacitor to develop responsive web and mobile apps.

Trainee

November 2022 - February 2023 (4 months)

Tirunelveli, Tamil Nadu, India

I successfully completed hands-on training in front-end and back-end development. I built a solid foundation in modern web technologies and frameworks, including:

Frontend: HTML, CSS, Bootstrap, Angular

Backend & Database: NodeJS, Firebase, SQL

Version Control & Tools: Git, Visual Studio Code

Education

St.Xavier's College, Palayamkottai - 627 002

Bachelor of Science - BS, Mathematics · (June 2019 - June 2022)
